The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyrighted registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 3, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for Part 4, which must be for the complete calendar year, is \$1.00 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

NOTICE

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from January 1, 1920, to December 31, 1925, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1928.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, Library of Congress, Washington, D. C.

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891
OF JUNE 30, 1906, AND OF MARCH 4, 1909

PART 4:

WORKS OF ART; REPRODUCTIONS OF A WORK OF
ART; DRAWINGS OR PLASTIC WORKS OF A SCIEN-
TIFIC OR TECHNICAL CHARACTER; PHOTOGRAPHS;
PRINTS AND PICTORIAL ILLUSTRATIONS

INCLUDING
LIST OF RENEWALS

1928

NEW SERIES, VOLUME 23

No. 2

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON
1928

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyrighted registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 3, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for part 4, which must be for the complete calendar year, is \$1.50 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

NOTICE

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from January 1, 1920, to December 31, 1925, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1928.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

Anybody can cut prices but it takes brains to make a better article.—Average man who feels he's underpaid spends his leisure hours as tho' they were worthless.—Business is never anything but a business until the spirit of service and square dealing make it an honored institution.—Carry on.

The hits we made yesterday won't win today's game.—Equal rights for all, special privileges for none.—Everything a man does leaves its mark on his character.—God will not look us over for medals or diplomas but for scars.—Good luck is another name for tenacity of purpose.—Guy who is always looking for something soft can usually find it under his hat.—Hardest luck in the world is not knowing that the chief ingredient of success is hard work.—Honesty is the key-note of character.—I am only an average man but, by George, I work at it harder than the average man.—If a man could have half his wishes he would double his troubles.—If you hope for success eat for success. The human stomach is a workroom not a playhouse.—It pays to keep straight. See how the cork screw lost out.—Labor to keep alive in your breast that little spark of celestial fire called conscience.—Lame ducks are the loudest quackers.—Let us endeavor so to live that when we come to die even the undertaker will be sorry.—Let us have faith that right makes might and in that faith let us dare to do our duty as we understand it.—Most dangerous adversary in a fight is the man who can grin when he is hard hit.—Most successes are failures turned inside out and upside down by people who refused to be discouraged.—No fighter ever won the heavyweight title who trained on lightweight exercises.—Nobody thrives on constant criticism, etc.—One can't hope to get into heaven by the same alibis he uses to keep out of trouble.—Reason things go in one ear and out the other with some folks is that there's nothing in between to stop 'em.—Some boats and some men can't stand a rough sea.—Some peoples' idea of team work reminds me of the farmer's willin' team, etc.—Success comes in cans, failure comes in can't's. Power comes from the positive pole of the battery.—There are 57 varieties of religion but only one variety of righteousness.—There is nothing so powerful as truth and often nothing stranger.—There's only one really good place for a knocker and that's outside the door.—Three things are necessary—first backbone—second backbone—third backbone.—Trouble with excuses is that nobody picks a one-legged man for a job just because he has a fine pair of crutches.—Wise creator hung human arms so that no

NEW SERIES, VOLUME 23
No. 3

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON
1928

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 3, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for part 4, which must be for the complete calendar year, is \$1.50 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

NOTICE

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that in so far as any copyright articles deposited from January 1, 1920, to December 31, 1926, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1928.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1929

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproduction deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 2, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for part 4, which must be for the complete calendar year, is \$2.00 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

By the act of Congress approved May 23, 1928, amending the Copyright Act of March 4, 1909, the prices of the various parts of the catalogue, on or after July 1, 1928, will be as follows:

Part 1, Group 1, Books proper	\$3.00
Part 1, Group 2, Pamphlets and Maps	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures	2.00
Part 2, Periodicals	2.00
Part 3, Musical Compositions	3.00
Part 4, Works of Art, Photographs, Prints and Pictorial Illustrations	2.00
Single numbers (except Book leaflets)	.50
Annual Indexes, each for complete calendar year	2.00
All parts for complete calendar year	10.00

NOTICE

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from January 1, 1920, to December 31, 1926, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1929.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, Library of Congress, Washington, D. C.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Whereas it is provided by the act of Congress approved March 4, 1909, entitled "An act to amend and consolidate the acts respecting copyright," that the copyright secured by the act, except the benefits under section 1 (e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of the said act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto;

And whereas it is provided by section 1 (e) of the said act of Congress, approved March 4, 1909, that the provisions of the act "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement or law, to citizens of the United States similar rights";

And whereas the President is authorized by the said section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the act may require;

And whereas satisfactory official assurances have been received that on and after January 1, 1929, citizens of the United States shall be entitled to obtain copyright for their works in Finland which is substantially equal to the protection afforded by the copyright laws of the United States, including rights similar to those provided by section 1 (e) of the copyright act of the United States, approved March 4, 1909.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do declare and proclaim

That on and after January 1, 1929, the conditions specified in sections 8 (b) and 1 (e) of the act of March 4, 1909, will exist and be fulfilled in respect to the citizens of Finland and that on and after January 1, 1929, citizens of Finland shall be entitled to all the benefits of the act of March 4, 1909, including section 1 (e) thereof and the acts amendatory of the said act.

Provided that the enjoyment by any work of the rights and benefits conferred by the act of March 4, 1909, and the acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States.

And provided further that the provisions of section 1 (e) of the act of March 4, 1909, in so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically musical works shall apply only to compositions published after July 1, 1909, and registered for copyright in the United States which have not been reproduced within the United States prior to January 1, 1929, on any contrivance by means of which the work may be mechanically performed.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this fifteenth day of December
in the year of our Lord one thousand nine hundred and
[SEAL] twenty-eight and of the independence of the United States
of America the one hundred and fifty-third.

CALVIN COOLIDGE.

By the President:

FRANK B. KELLOGG,

Secretary of State.
